

# LIGHT Brings Business

Why light your Stores, Windows, Streets and Play-houses during FAIR TIME?

Because It Brings Business

Why don't you do it every night?

Because It Costs Money

The light that brings business this week will bring it next week

A Penny in Light Brings a Dollar in Business

The successful business man has as much light for advertising and for displaying his goods on one night as on another.

MONTEZUMA BALL SOCIETY DANCES AT WILL ECLIPSE ALL CHARITY BALL RECORDS TONIGHT

Culminating Social Function of Fair Week Will Bring Out Devotees of Pleasure: Proceeds Go to Worthy Cause.

The final culmination of the brilliant social season that has marked the gathering in Albuquerque of the exclusive sets of New Mexico's aristocracy to attend the political conventions and State fair will be held at the Alvarado hotel on Friday night when the nest strains of the orchestra make musical announcement of the beginning of the Montezuma ball. Governor Mills will lead the grand march and behind him will be seen in radiant evening attire the men and women who have gained social and civil prominence in the new state. Representatives from all the larger cities of the state will be present and Albuquerque will have a goodly number of its social lights upon the floor.

The unusual success that will attend this year's function is in a large measure due to the tireless efforts of the committee in charge, and of its chairman, G. A. Matson, who has given much of his time and energies to promote this event without a check. The state fair will be held at the Alvarado on Friday night when the nest strains of the orchestra make musical announcement of the beginning of the Montezuma ball. Governor Mills will lead the grand march and behind him will be seen in radiant evening attire the men and women who have gained social and civil prominence in the new state. Representatives from all the larger cities of the state will be present and Albuquerque will have a goodly number of its social lights upon the floor.

The final arrangements for the Montezuma ball and every detail has been attended to even to the arrangement of the decorations. I expect an unusually large attendance owing to the presence in the city of the delegates to the various political conventions, and because of the large attendance at the fair.

Tickets to the Montezuma ball have been placed on sale at the following places:

Alvarado News Stand,  
J. H. O'Reilly Drug Store,  
New Mexico Cigar Store,  
Matson's.

M. Mandell's  
John Lee Clark Cigar Shop,  
E. L. Washburn's  
Powell Drug Store.

The Ockets, admiring gentlemen and ladies, cost five dollars and tickets for extra ladies are two dollars and a half. Only full evening dress will be allowed upon the floor.

The SWIFT SPECIFIC CO., Atlanta, Ga.

# FINE CANTALOUPE ARE RAISED NEAR FORT SUMNER

Crate of Delicious Melons Presented Herald By R. C. Nisbet, in Charge of Exhibit at Fair.

That there are some mighty fine cantaloupes raised at Fort Sumner and in the surrounding country is a certainty. This morning R. C. Nisbet, the big manager for Grant County, presented the Evening Herald with a crate of fine melons and a large watermelon. The watermelon, he says, is just a sample of the stuff they raise over in Grant County, and weighs forty pounds. That is one melon.

Mr. Nisbet has displays from farms and from farms which are partially irrigated in the big general display at the fair grounds, and both show some very fine fruits. There are sweet potatoes that weigh ten pounds, and all sorts of other large-sized fruits and vegetables, all of nice size, which Mr. Nisbet assures everyone are just normal for Fort Sumner. Fort Sumner is about 200 miles southeast of Albuquerque on the Denver cut-off.

## MAYORS ADJOURN THIS MORNING

Session Completed and Important Moves on Foot: Committees Appointed to Take Charge of Legislation.

As a result of the session of the New Mexico miners at the Commercial club this morning, carrying out the outline laid down at yesterday's meeting, it is not at all unlikely that all the laws on the state will receive a thorough examining and revision. Committees have been appointed to draft laws which they think meet the conditions, and to submit them to the miners of the several cities for their approval and for the addition of suggestions. These latter will then be embodied in the draft so far as is advisable, and the completed bill sent to the legislature with recommendations from all the cities interested that it be adopted.

This method of procedure will move out a number of the dead letter and contradictory laws now on the books.

The committees appointed were as follows: On the commission plan of city government, Dr. George T. Yeat of Roswell; on health, sanitation and charity laws, Dr. John W. Elder of Albuquerque; on fire and police laws, H. W. Crawford of Clovis; on municipal improvement laws, Arthur Seligman of Santa Fe; on taxation and assessment, J. J. Shuler of Raton.

In discussing the meeting today, Dr. Elder stated that in his opinion the miners had disposed of everything which was possible at this time, and that he believed the pace of work must be kept out fast to meet with approval, or to bring out good laws.

"The meeting has been very successful," he said, "and while we may say that we will have to hold another one later on, I am well satisfied with results."

## MOVING PICTURES OF TRADES DISPLAY TO BE TAKEN

Chairman George P. Learnard of Parade Committee Receives Assurance that Photo Plays Are to Be Secured.

If any Albuquerque business man has decided not to be represented in the big parade tomorrow, he has better change his mind—and change it soon. Moving pictures of that person are to be taken by one of the largest concerns in the country, and it becomes every citizen who is possessed of a particle of advertising sense to it that Albuquerque and New Mexico are presented worthily to the moving picture audience of America.

All doubt of the coming of the moving picture man was dispelled this morning, when George P. Learnard, chairman of the parade committee, received from Denver a telegram, stating that an expert representative of the famous Buckwalter film company would arrive here tomorrow morning. The Buckwalter man, so the telegram states, will carry complete paraphernalia and desires to make a number of unusually long films. The delay in the usual moving picture arrangements, it was explained, was due to the fact that the operator who is to come to Albuquerque was traveling with the President Taft party in the northwest, and for a time it was not at all certain that he would come here.

Chairman Learnard's successful negotiations with the film people offer Albuquerque one of the greatest advertising opportunities of her history, and any person who can be of the slightest assistance is urged to lend a hand in making the fair parade a credit to this city and to the new state of New Mexico.

## To Lydia E. Pinkham's Vegetable Compound

Scottville, Mich.—"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound and Sanative Wash have done me. I live on a farm and have worked very hard. I am forty-five years old and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, your Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house."

"I will say also that I think there is no better medicine to be found for young girls to build them up and make them strong and well. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has always helped her."

"I am always ready and willing to speak a good word for the Lydia E. Pinkham's Remedies. I tell everyone I meet that I owe my health and happiness to these wonderful medicines."—Mrs. J. G. JOHNSON, Scottville, Mich., R. P. D. 3.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, containing no narcotics or harmful poisons, is a great favorite, and to-day holds the record for the largest number of actual cures of female diseases.

# SUNNY BROOK

The Secret of its popularity is Inside the bottle

**SUNNY BROOK WHISKEY**  
BOTTLED IN BOND  
THE SUNNY BROOK DISTILLERY, MURKIN, KENTUCKY

**The Meyers Co.**  
General Distributors  
ALBUQUERQUE, N. MEX.

dark, William Bow, Herman Faust, Tom Pleasant Green Swan.  
There are John Poppe, David Craig and a few doing a small regular business, such as John Glavin, Jacob Moles, French Frerier, Henry Unkle, John Crum, Charles Drybrook, George Good Brook, Thomas Butler, Josephine Hinchliffe, French Chasenberry, John J. Jollie, Tom Chark, Anton Apple and many others.  
William Head, Margaret Flora and Joseph Baier might well divide in the building business, but Sarah Baier hasn't a close friend in all the

men Proper, James P. Bell, John Barnes and Lafayette G. Powers, and, maybe, with Washington Sibley, Henry Camp, Phoenix May and Mary Greenbomber.

## At the Exhibits

Among the interesting shows that will attract visitors will be a second of pedagogic uses that have been exhibited at L. W. Adams' 300 block in the official section of the horse races, and he says that although he knows there would be no reason dog shows here this year, nevertheless, he brought a dozen of fine midget dogs along that also might be formed at the kind of dogs that have won honors in all parts of the country. Among the dogs rats, by being prize-winning English terriers, matts and cocker spaniels.

**Guadalupe County.**  
One of the most interesting displays in the Guadalupe section is the most unusual group street persons exhibited by A. E. Cutler.

**Live Stock Display.**  
By far the most interesting of the live stock displays is the set of cattle exhibited by Buffalo Jones. These animals are a hybrid between Buffalo and the common cattle, and it is the theory that an animal of their combination that they will be in the able to stand the vigorous contests of the exposed ranges. The meat from these animals is exceedingly tender and has a delicious flavor, round only in the most expensive cuts of beef. It is the belief of Buffalo Jones that the culture of these animals in large quantities will revolutionize the cattle growing industry.

A pair of lambkin lambs is also exhibited as are young spotted seals, otters, seals and lemurs.

**Some Kisses and Hugs.**  
This is a neurological test. Edgar Johnson, Charles Koss, Jimmie Head, Fred Hug, George John, John Wedding and Wedding puppies, John Bridgeman. Afterward come Robert Marion, Jacob Noefer, William Fins, Hugo Cope and Marie Boone.

Then high and mighty three John Farmer, Mose Sovereign and Edward Thorne.

And a Harvey bunch: Oliver James, Neddy, Anna, Simon Danco, Jessie Wain, Peter Triple and George Hall.

Also an unbroken six days Tammaroo, Edward Dentist, George Bonneker and James Bonneker.

The manner in which different parts of the human anatomy are separated and might be sufficiently sensitive or a bathetic to induce the movement in great persons, for this are James Long, Thomas Faust, Hiram Head, Samuel Rose, William Faust, James Check, Samm Shanks, Samm Head, Stephen Bach and E. G. Long and Mary Bush, Joyce Bell and America Gurne, who are feeling the effects of the cold.

**Clothing for All.**  
Picking out enough of these to make a store, such as M. J. Yankee-Preserved Ireland, Mexico, Washington and Alfred Constantine. Then follow a few in the hardware line, like Minerva Hat-hut, John Hammer and George As—all well deserving of pensions if they lived up to their names.

**Veterinaries on List.**  
Peter Heets, James Bean, Susan Cole, John Garlick and Daniel Mueller are associated with John Meats, John Ham, Thomas Tongue, W. H. Lamb, David Motton, W. T. Kinner, Samuel Hart, William Fish, Samuel Crab, William Ulster and John Hart.

Down town he associates with David Miller, Jacob Spillings, William Miller, George Thousand, Thomas Penney, William Earthing, A. Maxey and, perhaps, with Wiley Wise, William Clever, William Swindle and E. Rogan.

In the evening he dines with Will
